PERSONAL STATEMENT

Being a creative and dedicated individual, committed when making and completing personal targets, I have gained an excellent reputation in the design field. Possessing a wealth of computer knowledge combined with exemplary literature, numeracy and communication skills. Proven ability to always achieve deadlines, receive an overwhelming response from clients and therefore looking to continue to meet these standards in the creative design sector.

RECENT EMPLOYMENT HISTORY

Freelance Web Designer

Evo-MX Ltd. | 2016 – 2020

Establishing and guiding the website's architecture. Problem solving. Ensuring high-performance and availability. Managing all technical and secure aspects of the WordPress ecommerce website. Resigned from my position to care for a family member for 1 year in 2021, until they moved into residential care and I am now able to resume my career.

Freelance Web Designer

Madhouse Media Ltd. | 2019

Taking work from clients and turning them into the finished article — Whether website or otherwise. Mainly dealt with WordPress websites. Temporary position.

WordPress Editor

Curtis Gabriel | 2015

Creating/Modifying current WordPress designs. Editing posts and pages and any other similar aspects of the WordPress site required by the client.

Voluntary Web Designer

Democratise Ltd. | 2011

Receiving sample designs from web designer to build an iOS mobile application. However, due to a lack of funding, a mobile version of their website became the focal point of the existing project.

2000 – 2011

Worked in retail roles gaining experience and skills with the proven ability to provide customer satisfaction. Being passionate about design, in 2009, I made the decision to study and commence a career in the field of digital and graphic design.
